

KM-BABY BLADES

Miura's Masterpiece, Reborn

Originally designed by Katsuhiko Miura for his personal use, the Baby Blade is more than a club; it's a philosophy. One of mastery through repetition, refinement through honesty, and craftsmanship through restraint.

The Baby Blade is 15% smaller than our traditional blade, but delivers a level of feel and feedback few clubs ever achieve. Forged with the same mass as the MB-101, this compact iron compresses every gram into focused energy, delivering unrivaled precision.

This edition of the Baby Blade features the Y-Grind sole, merging Miura-san's original vision with his son Yoshitaka's signature grind to enhance turf interaction.

This limited-edition release proudly bears the Hanko, Miura-san's stamp of approval, symbolizing his endless pursuit of perfection.
